Kat's Cat House
Purr-veyor of all things feline!

Holiday tips for you and your kitties:

1. Don't burn candles where Puss can get at them.
2. Be sure the fireplace screen is in place while fires burn.
3. While pionsettias aren't the threat once thought, beware of lilies, holly and mistletoe - they ARE deadly!
4. Don't use tinsel on your trees - it can cause major intestinal problems if ingested. Use garland instead.
5. Be sure to use LOTS of ribbon on those packages!
